ISSUE:

An ordinance amending Section 7-9-115 of the West Valley City Municipal Code to exclude historically dirt driveways from the requirement to surface with asphalt or concrete.

SYNOPSIS:

Some dirt driveways that have historically been nothing but dirt should not have to be paved with asphalt or concrete.

BACKGROUND:

Many houses in West Valley City were built without a driveway surfaced with asphalt, concrete or gravel. This ordinance allows driveways in existence as of April 1, 2010, that have never been hard surfaced or graveled be exempt from the requirements to pave with asphalt or concrete. Instead, these driveways may be surfaced with gravel.

RECOMMENDATION:

Approval of ordinance
